

**RESOLUTION NO. 1861**

**A RESOLUTION ADOPTING A REVISED ADA TRANSITION PLAN FOR THE CITY OF ARTESIA**

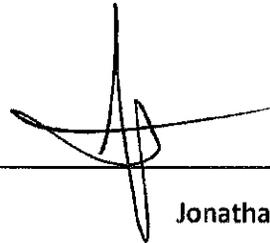

**WHEREAS, THE PURPOSE OF THE Americans with Disabilities Act (ADA) is to prohibit discrimination against individuals with disabilities in such critical areas as employment, public programs and services, recreation, housing, communication, transportation, voting, and health services; and**

**WHEREAS, ADA prohibits discrimination by any public entity against any qualified individual with a disability who, with or without reasonable modifications to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the City of Artesia.**

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF ARTESIA:**

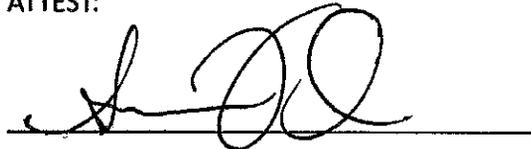

The City of Artesia hereby adopts the attached Revised ADA Transition Plan.

**PASSED, ADOPTED, SIGNED AND APPROVED this 14th day of May, 2024.**

Jonathan Henry, Mayor

ATTEST:

Summer Valverde, City Clerk - Treasurer

## **City of Artesia, New Mexico**

### **Americans with Disabilities Act (ADA) Transition Plan**

In 1990, the Federal Government enacted the Americans with Disabilities Act (ADA). Public entities with fifty (50) or more employees are required to develop a transition plan, outlining the steps and schedules for making public facilities accessible to individuals.

#### **Purpose**

The purpose of the transition plan is to ensure that the citizens of Artesia are provided full access to the City's programs, services, activities and facilities in as timely a fashion as is reasonably possible. Members of the City's organization believe that the ability to accommodate disabled persons is essential to good customer service, the enjoyment of a good quality of life for residents, and to effective governance.

The transition plan has been prepared following a study of all of the City's programs, services and activities, and evaluating the accessibility of the City's facilities. This City received input from department heads and other City personnel involved with the programs, services and activities provided by the City.

The ADA requires that each of the City's programs, services and activities, when viewed in their entirety, be readily accessible and usable by individuals with disabilities, and that any barriers that prevent or hinder access to and around City facilities be removed.

#### **Transition Plan Features**

The transition plan identifies two (2) forms of barriers; physical barriers and programmatic barriers.

Physical barriers include features such as, but not limited to, the following:

1. Parking
2. Paths of entry travel
3. Doorways
4. Restrooms
5. Service counters
6. Stairways
7. Curb ramps

Programmatic barriers include, but are not limited to, the following:

1. Building signage
2. Customer communications and interaction
3. Access to public telephones
4. Emergency notifications, alarms and visible signals
5. City communications via the internet, public meetings and telephone
6. Participation opportunities for events sponsored by the City

The transition plan addresses how the City of Artesia will meet the ADA requirements and the time frame in which the requirements are scheduled to be met.

City facilities, programs, services, activities, policies, practices and procedures will be evaluated on an on-going basis. The transition plan may be revised from time to time to account for changes to City facilities and operations. A City facilities inventory and curb ramp inventory have been completed and approaches have been put in place to ensure that public ramps meet the ADA requirements.

The transition plan will be posted on the City's website for review and consideration by the general public. In addition, notice will be provided of its existence in the City's official and unofficial publications. Any individual may submit comments on the accessibility of City programs, services, activities and facilities by contacting the City's ADA Coordinator by telephone at (575) 748-8295.

#### **I. Physical Barriers**

The City owns (or in the case of the Planning Department, leases) a number of facilities on properties from which programs, services and activities are offered. These facilities are as follows:

1. City Hall – 511 West Texas Avenue
2. Artesia Library – 205 West Quay Avenue
3. Artesia Adult Day Care Services and Meal Site – 1313 West Gilchrist Avenue
4. Senior Citizens Center – 202 West Chisum Avenue
5. Fire Department Substation (Fire Station #2) – 309 North 7<sup>th</sup> Street
6. Historical Museum – 505 West Richardson Avenue
7. Artesia Municipal Airport – 702 Airport Road
8. Chamber of Commerce – 107 North 1<sup>st</sup> Street
9. Artesia Transfer Station – 2507 North Pecos Avenue
10. Infrastructure Department – 15 East Compress Rd
11. Artesia Center (Recreation Center) – 612 North 8<sup>th</sup> Street
12. Artesia Animal Shelter – 502 North Paddy Wagon Way
13. Wastewater Treatment Plant Administration and Training – 1702 North Haldeman Rural Road
14. Facilities/Streets/Parks Departments – 1805 South 27<sup>th</sup> Street
15. J.C. Park (Public Restrooms) – 1800 South 26<sup>th</sup> Street
16. Artesia Public Safety Complex (Court/Fire/Police) – 3300 West Main Street
17. Woodbine Cemetery – 201 East Hermosa Drive
18. Code Enforcement Office – 119 S Roselawn Ave
19. Changing Lives Coalition (7024U) – 702 West Chisum Avenue
20. 405 S 2<sup>nd</sup> St
21. Art Center (Museum Annex) – 503 West Richardson Avenue
22. Artesia Vocational Training Center – 3205 West Main Street
23. Martin Luther King, Jr. Park (Public Restrooms) – 902 North 13<sup>th</sup> Street
24. Artesia Family Health Center (Presbyterian Medical Services) – 1105 West Memorial Drive
25. Aquatic Center – 711 N Bowman Drive

A self-evaluation/assessment of each of the City's physical facilities was conducted in conjunction with the preparation of this plan. Summaries of these evaluations are included as Exhibit "A," City Facilities Inventory, attached and by reference incorporated. Deficiencies in the physical features that diminish the ability of disabled persons to benefit from the City's programs, services and activities are identified. A correction plan or other course of action is noted for each deficiency, along with a schedule for completion of the correction.

**A. Sidewalks and Curb Ramps**

A summary of the City's Sidewalk and Curb Ramp Inventory is attached to this plan as Exhibit "B." In some sections of the City, sidewalks have not been installed. In other sections, the sidewalks are not ADA-compliant due to disrepair or because physical encroachments reduce their effective width.

**II. Programmatic Barriers**

The City recognizes that not all barriers to the City's programs, services and activities are physical in nature. Other administrative barriers exist that must be overcome to provide complete government services to those who are disabled.

**A. Communications**

The City's transition plan incorporates steps to ensure that communications with disabled individuals are as effective as communications with non-disabled individuals. Effective communication means that whatever is written or spoken must be as clear and as understandable as possible to both disabled and non-disabled individuals.

Typical communication concerns include, but are not limited to, accessing the City's web site, public hearing notices, program announcements, service notices, and advertisements. The City is currently in the process of:

Identifying local resources for auxiliary aids and services;

Identifying ways of producing documents in Braille or acquiring other aids or services, including software that can convert text into speech;

Contacting qualified interpreter services and other providers so that interpreters and other aids and services may be available on short notice; and

Educating City employees on how to help individuals with disabilities, and instilling an awareness of the resources available.

Attached as Exhibit "C," Communications Barriers, is the timeframe to address these barriers.

**III. ADA Grievance Coordination/Administration**

The City has established an ADA Grievance Procedure and an ADA Grievance Form, both of which are attached as Exhibit "D." The City will affix the ADA Grievance Procedure and ADA Grievance Form to City facilities and on the City's web site.

**IV. ADA Coordinator:**

The City of Artesia has Chief Building Official serve as the ADA Coordinator, assisted by the City Planner. They will be responsible for the development, implementation and maintenance of the City of Artesia's ADA Transition Plan.

**V. Public Involvement**

The ADA Transition Plan will be posted on the City's website, and a Notice of the Plan will be posted around the City at the City Clerk's public notice areas. Questions, comments, and suggestions will be directed to the Responsible Official.

**VI. Conclusion**

The City will take the necessary actions referenced above and noted in the Exhibit attachments, and will continue to look for and remedy barriers to access, in an effort to ensure that disabled individuals are given equal access to the City's facilities, programs, services and activities.

After the adoption of this transition plan, it will be updated on at least an annual basis, posted on the City's web site, and made available upon request.

**Grievance Procedure and Grievance Form**

## **The City of Artesia, New Mexico Grievance Procedure Under The Americans with Disabilities Act**

This Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act of 1990 ("ADA"). It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the City of Artesia, New Mexico. The City of Artesia's Personnel Policy governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 30 calendar days after the alleged violation to:

***Don Plotner  
ADA Coordinator  
PO Box 1310  
Artesia, NM 88211***

Within 15 calendar days after receipt of the complaint, Don Plotner or his designee will meet with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting, Don Plotner or his designee will respond in writing, and where appropriate, in a format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the City of Artesia and offer options for substantive resolution of the complaint.

If the response by Don Plotner or his designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the Community Development Director.

Within 15 calendar days after receipt of the appeal, the Community Development Director will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting, the Community Development Director will respond in writing, and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by Don Plotner or his designee, appeals to the Community Development Director, and responses from these two officials will be retained by the City of Artesia for at least three years.
